SUPPORTING NATIONAL FEDERATIONS AND TOP ATHLETES

Since 1973, arena has prioritized strong connections with the most important swimming and watersports federations around the world, providing support from the grassroots level to the Olympics and Paralympics.

National Federations play a critical and active role in the development of both amateur and elite watersports.

We share their goal to grow watersports, increasing inclusivity and diversity and using sport as a driver for social wellbeing. We share their commitment to make the water accessible for people to relax, train and compete.

At the heart of the arena brand are its athletes, who are both key collaborators in the product development cycle and important ambassadors for the brand, upholding its values and expressing its authenticity.

Since Mark Spitz first teamed up with Horst Dassler in 1973, arena's progression to the top of its field has been accomplished in partnership with world class swimmers. Their voices are not only emblematic of the brand's emphasis on quality, they're also an inspiration for many, from the amateur who goes to the pool to stay fit and lead a healthy lifestyle, to those that mount the Olympic podium, and importantly also the backroom staff who have helped craft and live the entity that arena has proudly become.

With its legendary sponsored team, arena is seriously chasing Olympic Gold in Paris continuing to rely on the brand's emblematic Ambassadors such as Sarah Sjöström, Gregorio Paltrinieri, Florent Manaudou, Chad Le Clos, Cate Campbell, Florian Wellbrock, Kristof Milak and Bruno Fratus. Through the collaborations with Lydia Jacobi, David Popovici (both born in 2004), Kyle Chalmers, Louise Hansson, Thomas Ceccon, Nicolò Martinenghi and Noè Ponti, arena will be under the spotlight in Paris, while also generating renewed interest in the main events that precede it. This mix of experience and freshness allows the brand to consolidate its innovation, its authenticity and its passion through the young athletes who are helping arena to continue advancing day after day. Thanks to its magnificent athletes, over the next few years arena will be challenging for podium finishes at swimming's most important international events.

CSR MANIFESTO

BUILDING A BETTER FUTURE TOGETHER

At arena we recognize that everything we do has an impact on the planet we live on, as well as its people.

We strive to help create a future that continues to allow everyone to enjoy swimming and water sports in a healthy environment.

That's why we're committed to having a positive impact on you, the environment and our communities, inspired by our passion for sports and life in and by the water, our most abundant natural element.

As a leader in the sports realm our commitment to 'responsibility' represents the conscious and effortful way in which we plan to measure our footprint and invest in our planet.

arena's products are designed to help and inspire people to be active and to move towards the best version of themselves by being healthier and connected to nature.

As part of that philosophy, quality and durability are key considerations in our design process in order to guarantee that our products are long-lasting and don't need to be replaced frequently, thus reducing waste.

We choose partners who share our values and, like us, invest in both the planet and its people.

We care about the well-being and rights of employees working in the manufacture of arena's products and are committed to being transparent about our partners and policies.

We support local communities and promote water-sports through sponsorship and collaboration with national sports federations, sports teams, and international governing bodies.

We are an equal-opportunity employer and value diversity ensuring equal treatment for all our employees across the globe.

The arena brand was born in water, and for over 50 years has thrived in its element.

We've learned that to do so requires courage, responsibility, and action, and we remain resolute in our desire to give everyone the opportunity of living their deep connection with water: that feeling of freedom and peace, joy and profundity we all experience in and by the water.

RESPONSIBLE PRODUCT

To design and manufacture all products in a progressively more environmentally conscious way is a key step in the commitment we have taken.

We are constantly working to develop more sustainable garments and accessories to reduce our environmental impact, while still guaranteeing the same distinctive performance, protection, style, comfort and fit that sets arena apart.

According to recognized international certifications, these sustainable fabric sources include PET plastic bottles and

industrial waste such as yarn and chip waste.

By working with recycled PET, nylon, silicone and polycarbonate, we are reducing the use of plastic and petroleum-based resources without sacrificing the benefits and characteristics of the fabrics.

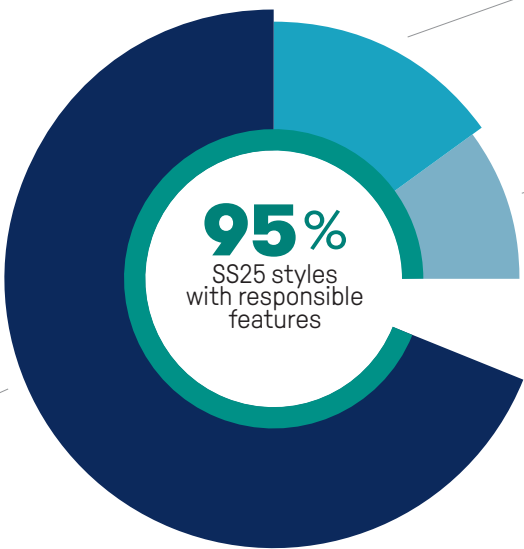

Starting with SS22 we have steadily increased the number of styles with responsible features, such as recycled yarn, organic fibers, and OEKO-TEX® MADE IN GREEN certification.

IN THE TOTAL **SS25 COLLECTION OF SWIMWEAR AND SPORTSWEAR**, WE ARE PROUD TO SHOW THAT **95%** ARE STYLES WITH RESPONSIBLE FEATURES.

FOR EACH TEXTILE CATEGORY, THE SITUATION IS AS FOLLOWS:

RESPONSIBLE PACKAGING

The mark of responsible forestry

All the elements necessary in the delivery of products to the consumer have an impact on the environment. To reduce this impact, we are now using sustainable materials for our packaging (hangtags, pouches, polybags, boxes, etc.).

FSC® certified cardboard is our choice for most packaging made of paper, and for the vast majority of plastic packaging, we use recycled plastic.

The FSC logo on our packaging

ensures that it has been made in compliance with rigorous environmental, social and economic standards, which aim to protect the world's forests and ecosystems that depend on them and respect local communities and the rights of workers.

This choice supports the mission of the Forest Stewardship Council®, an international NGO that has been promoting responsible forest management for over 25 years.

HERO AND MARKETED STYLES

	HERO STYLES	MARKETED STYLES
	BRAND DRIVERS are the arena must-have of the season; featured in major campaigns, both online and offline. No junior styles included.	BUSINESS DRIVERS are the arena styles or seasonal colourways with a strong commercial potential. Some selected junior styles included.

MKTD

A photograph of a swimming pool with several swimmers in motion. The pool is divided into lanes by blue and white lane lines. The background is a wall of large, light-colored square tiles. The water is blue, and the swimmers are creating splashes. The overall scene is bright and active.

SWIMWEAR

The most innovative high-quality swimwear, preferred every day by millions of swimmers, from beginners to champions. Our range was designed with versatility in mind, to answer the needs of different consumer segments, embracing a diverse community of swimmers who feel connected to water.

A woman is shown from the waist up, using a water rowing machine in a swimming pool. She is wearing a black Arena swim cap with the brand name visible, black goggles, and a black one-piece swimsuit with a halter-style neckline. The swimsuit features a textured, ribbed design. She is holding the rowing machine's handles, and her skin is wet with water droplets. The background shows the blue water of the pool and a lane divider.

ARENA SHAPEWEAR

Our shaping collection is elegantly designed for all active women who want to feel gorgeous at the swimming pool. Each piece is created with adjustable straps, a comfortable built-in bra and the Power Mesh technology to support and enhance different silhouettes.

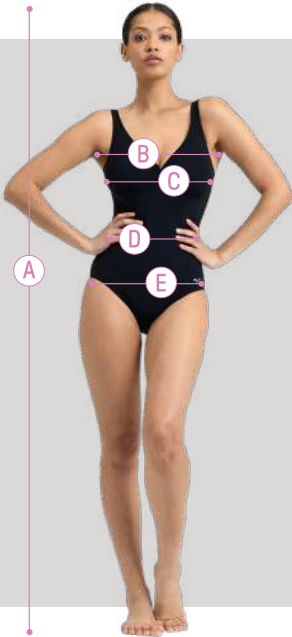

FABRICS

Sensitive **FIT**

PRODUCTS BENEFITS

The advanced single piece design used in the new ONE training suit makes the swimmer feel at one with the water delivering the following benefits:

FREEDOM OF MOVEMENT

The absence of side seams produces even stretch throughout the suit for a supremely comfortable fit that feels like a second skin, giving the swimmer the sensation of no constraints in the water.

LIGHTNESS

The suit's one-piece construction reduces overall water absorption, thus creating less drag and making the swimmer feel lighter in the water.

EXTREME DURABILITY

The lack of side seams dramatically reduces stress on the suit.

ARENA ONE - BACKS

FREE BACKS

FEATURES

Wide back opening combined with thin and wide straps.

BENEFITS

Maximum freedom of shoulder movement and reduced drag for improved glide.

TECH ONE

- open back
- supportive straps
- medium cut

A full-page background image of a muscular man from the waist up, seen from behind. He is wearing a blue swim cap and blue swim briefs with a white and purple pattern. He is holding a vertical pole with both hands above his head. The background is a clear blue pool with light reflecting off the water's surface. A shadow of the man is visible on the pool floor to the left.

MAN ARENA FEEL

Comfortable and quick-drying swimsuits that fit like a second skin and you can wear wherever you swim.

FABRICS

A young girl is captured underwater in a swimming pool, gliding forward in a streamlined position. She is wearing a bright pink Arena swimsuit, a matching swim cap, and goggles. Bubbles are visible around her mouth, suggesting she has just exhaled. The pool's lane lines and tiled bottom are visible in the background.

GIRL ARENA FEEL

Comfortable and quick-drying swimsuits that fit like a second skin and you can wear wherever you swim.

FABRICS

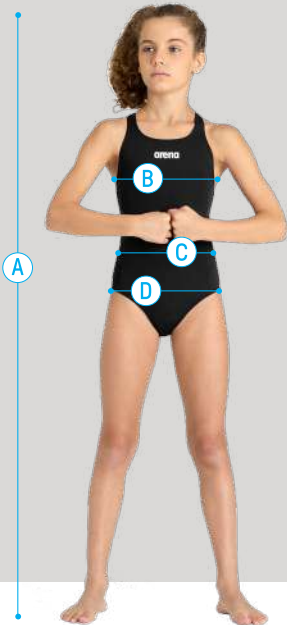

- Flexible and easy to wear, for the best fit and freedom of movement.
- 80% recycled polyamide + 20% elastane.
- Obtained from industrial and yarn waste.
- Quick-drying and resistant to pilling and abrasion.
- 50+ UV protection.

REPREVE FIBER

- Long-lasting and comfortable.
- 82% recycled polyester - 18% elastane.
- Obtained from PET Bottles, reducing CO2 emissions and minimizing water usage in the process.
- Chlorine-resistant.
- 50+ UV protection.

100
dark grey-lime

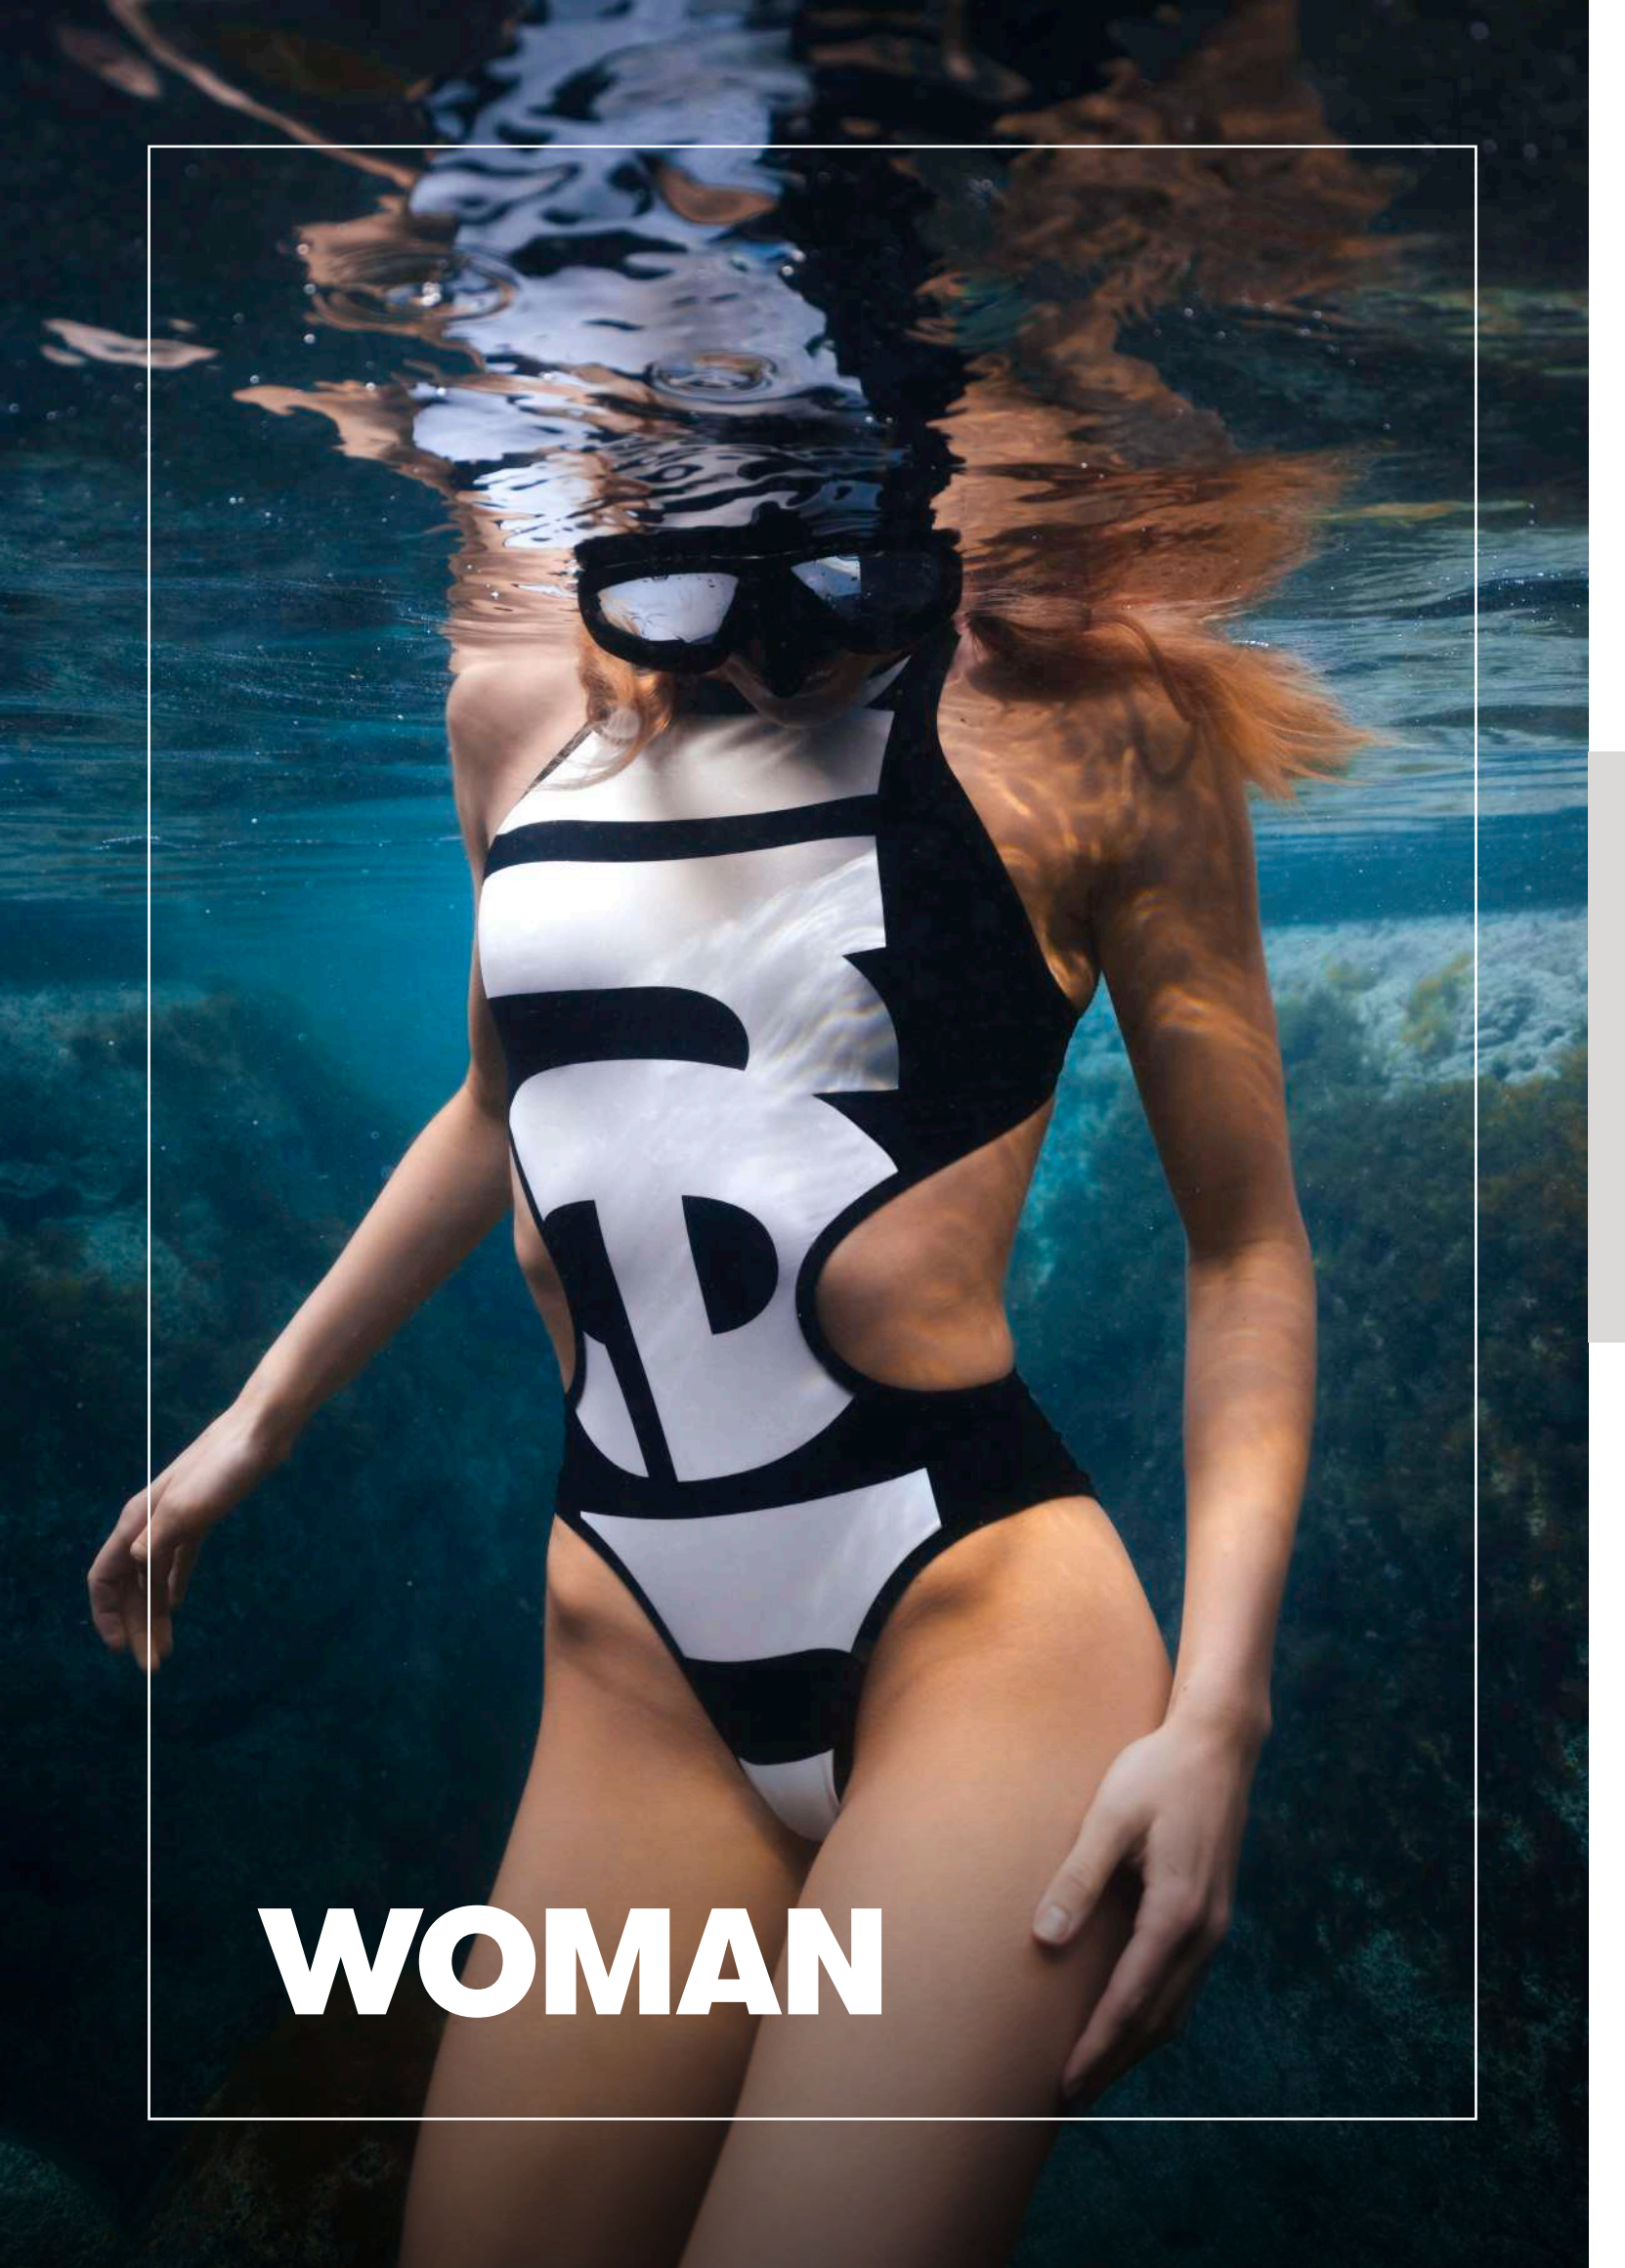

200
dark grey-pink

A shirtless man is shown from the chest up, looking out towards the ocean. The background features a coastline with dark, rocky islands and waves breaking against them under a bright sky. The man's skin is tanned, and his hair is dark and slightly messy.

BEACHWEAR

Since 1973 arena's dna has been forged in water, delivering innovation and style in water sports. Our long expertise of performance, comfort, fit is now instilled in a leading-edge range of beachwear dedicated to everybody with a magnetic connection with water.
Inspired by performance.

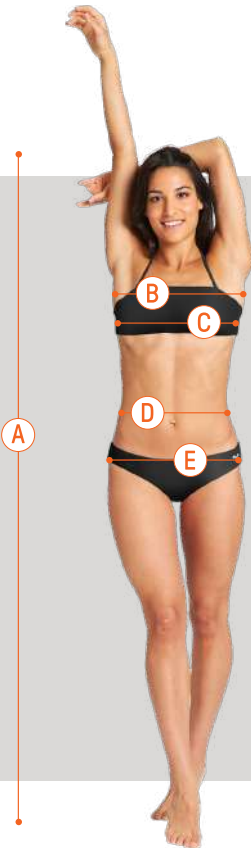

WOMAN

FABRICS

arena is constantly striving to increase use of recycled polyester and recycled polyamide; more sustainable options made from preconsumer materials and post-consumer waste such as plastic (PET) bottles and produced adopting a circular economy approach that helps save energy, reduce CO2 emissions and minimize water usage during the process.

A man is standing in shallow water, with his lower body and legs visible. He is wearing magenta swim trunks that have the 'arena' logo on the lower leg and a small tag on the waist that says 'WE ARE PLANET NAD'. The water is clear, revealing a rocky seabed with some seaweed. The man's torso is visible above the water line, and his arms are slightly out to his sides. The overall scene is bright and natural, suggesting a beach or coastal environment.

MAN ARENA EVO

A collection of styles with a focus on functional details, inspired by arena's expertise in sports performance, for the best beach experience in and by the water.

A full-page photograph of a muscular man running on a dark, wet beach. He is shirtless, wearing blue and yellow patterned swim trunks and black swim goggles. He is captured in mid-stride, with water splashing around his feet. The background features a rocky coastline with waves crashing against the shore under a clear sky.

MAN SPORT DNA

Sports-inspired shorts that celebrate the arena DNA and our natural connection to water, revisiting the brand's most memorable design traits into vibrant prints and modern patterns.

SPORTSWEAR

A modern range of essential and multipurpose garments designed for swimmers to complete their training out of the pool.

A woman with curly hair is captured in a dynamic, athletic pose on a green artificial turf field. She is wearing a blue zip-up hoodie over a black sports bra and black leggings, both featuring the 'arena' logo. Her legs are spread wide in a lunge, and her arms are extended forward. The background consists of a white wall with several circular cutouts, set against a clear blue sky. The word 'WOMAN' is printed in large, bold, white capital letters in the bottom left corner.

WOMAN

FABRICS

- 100% RECYCLED POLYESTER
- 83% RECYCLED POLYESTER + 17% ELASTANE

MaxDry Eco is the sustainable evolution of arena's exclusive technology for moisture management that aids uni-directional sweat wicking: the inner side instantly absorbs moisture and pushes it to the outer surface for fast evaporation, delivering comfort and a dry feeling.

Made with recycled polyester obtained from PET bottles, MaxDry Eco also guarantees reduced energy consumption, CO2 emissions and water usage during the manufacturing process.

- 89% POLYESTER + 11% ELASTANE

Unique channel structure created for superior moisture management. The signature inner linings instantly absorb moisture and push through the channels to the surface layer for fast evaporation. Unique vertical moisture transport channels facilitate uni-directional sweat wicking.

MADE IN GREEN

MADE IN GREEN is a traceable product certification for all kinds of textiles products that have been manufactured in environmentally friendly facilities under safe and socially responsible working conditions.

The **MADE IN GREEN** certification also reassures consumers that the textile product is made of materials that have been tested for harmful substances.

BRA FABRICS

- BREATHABLE SUPPORT**
Also for bras, arena has selected a light, breathable fabric which has the handy benefit of drying quickly during training sessions.

- 68% POLYAMIDE - 32% ELASTANE**
Sensitive® FIT fabric reshapes and models lines and profiles, giving flawless wearability and performance every time.
Figures become pristine and discreet, refined and slender thanks to the significant percentage of high stretch memory LYCRA® (32%).
It provides excellent performance in terms of chlorine resistance, quick drying, breathability and UV protection.
- Silicone application to naturally enhance the shaping effect. It guarantees variable control zones and lightness for extreme comfort.

CHOOSING THE RIGHT BRA

The right level of support is fundamental to let every woman practice her favorite activity in a comfortable and healthy way, therefore improving her performance too.
arena bras are designed and engineered to carefully guarantee the proper level of hold according to the specific needs of a woman:

HIGH SUPPORT

The high support bras are engineered with encapsulated molded cups for a separate support providing excellent control of vertical, horizontal and lateral movements.
Some styles feature adjustable straps and back or front closure systems for customized fit.
In some styles C and D cups are offered.
These bras are suggested for high impact sports such as running, aerobics, Crossfit, dance, tennis, boxing, and horseback riding.

MEDIUM SUPPORT

Specific front construction to control the side to side as well as the up and down movements. Wider straps to reduce the stress on the shoulders and broad elastic that sits on chest bone to provide a firm hold.
In some styles C and D cups are offered and removable pads too.
Ideal for medium impact activities such as strength training, cycling, and skiing.

SOFT SUPPORT

These bras are characterized by a light construction in terms of fabrics and straps. These provide a good hold thanks to the comfortable under bust elastic and proper coverage.
They are recommended for low impact activities such as yoga, pilates, walking, golf.

MAN-UNISEX

FABRICS

- **100% RECYCLED POLYESTER**
MaxDry Eco is the sustainable evolution of arena's exclusive technology for moisture management that aids uni-directional sweat wicking: the inner side instantly absorbs moisture and pushes it to the outer surface for fast evaporation, delivering comfort and a dry feeling.
Made with recycled polyester obtained from PET bottles, MaxDry Eco also guarantees reduced energy consumption, CO2 emissions and water usage during the manufacturing process.

MADE IN GREEN

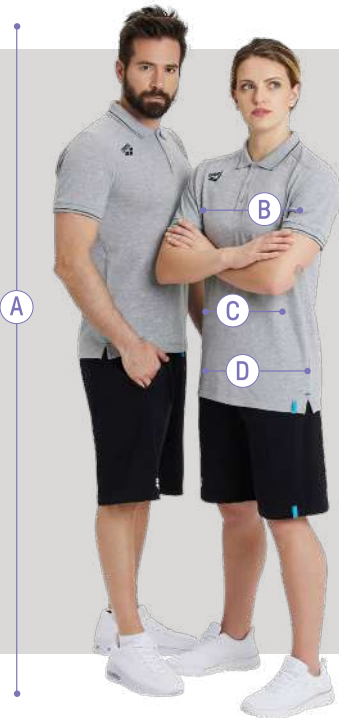

An illustration of a bright yellow sun with rays, partially obscured by white clouds. Below the sun are rolling green hills with stylized black outlines of trees or bushes.

MADE IN GREEN is a traceable product certification for all kinds of textiles products that have been manufactured in environmentally friendly facilities under safe and socially responsible working conditions.

The **MADE IN GREEN** certification also reassures consumers that the textile product is made of materials that have been tested for harmful substances.

An underwater photograph of a swimming pool. In the foreground, a person's hand is visible, holding a green kickboard. The pool's lane lines are visible as dark lines on the light blue bottom. The water is clear and blue, with light reflecting off the surface.

EQUIPMENT

Everything swimmers need in and by the water, to get the best of their water experience.

GOGGLES

COMPETITIVE

Designed for competitive swimmers and approved by FINA, arena Racing goggles combine innovative materials and a hydrodynamic profile that reduces drag and enhances vision, while delivering comfort and durability.

FITNESS

arena goggles are designed to protect your eyes, ensure the best visibility and deliver maximum comfort in the water, as if you were looking with your own eyes.

GOGGLES FEATURES

All arena goggles have UV protection and adapt perfectly to most facial profiles, avoiding any water leakage. A perfect fit also allows no humidity, protecting the lenses from fog.

1 LENS

- HARD**
High-performance lenses made from polycarbonate, which is durable and impact-resistant with superior optical clarity.
- MIRRORED**
Extra shading against light for outdoor swimming, frequent use in well-lit pools and in competitions.
- SUPER ANTI FOG**
The most advanced coating treatment. Lasts longer, thanks to an invisible layer that washes away vapor generated from sweat, moisture and water.
- SWIPE ANTI FOG**
Revolutionary anti-fog protection that lasts 10 times longer and can be re-activated by swiping the lenses with your fingers.

LENS TINTS

CLEAR MEDIUM DARK

- CLEAR:** These goggles with clear lenses are ideal for low-light environments and for those who prefer maximum brightness while swimming.
- MEDIUM:** These goggles with medium-dark lenses are suitable for all uses and variable or intermediate light levels.
- DARK:** These goggles with dark lenses are good for swimming in brightly lit environments or for those who prefer maximum light shielding.

2 SEALS

- SOFT SILICONE**
Seals made of hypoallergenic silicone for great softness, resilience, and comfort.
- JAPANESE RUBBER**
Soft TPR layer moulded over the lens on goggles without gaskets.
- LIQUID CORE TECHNOLOGY**
Liquid silicone offers the ultimate goggle comfort, fit, durability and elasticity.
- AIR SEALS**
Adaptive cushioning that are designed to compress and distribute the pressure only where needed, delivering a super light feeling.

4 STRAP

- SINGLE**
Simple, intuitive strap for classic comfort.
- DUAL**
Facilitates optimum fit through ability to apply tension on different areas of the head.
- SPLIT**
Combines simplicity and flexibility for a snug, comfortable fit.

3 NOSE BRIDGE

- INTERCHANGEABLE**
Three options available, with 3, 4, or 5 different levels for a custom fit and best possible comfort.
- SELF ADJUSTING**
Adaptable nose bridge that conforms to the shape of the face while wearing it.
- ADJUSTABLE**
Nose bridge that can be regulated on two different levels according to individual need.
- HIGH**
Located higher up on the frame to provide additional room for the nose or accommodate those with atypical facial profiles.

5 FIT

- SMALL**
Different density on frame and seal materials offer superior fit and comfort.
- MEDIUM**
Seals made of hypoallergenic silicone for maximum softness, resilience, and comfort.
- LARGE**
Soft TPR layer moulded over the lens on goggles without gaskets.

CONSUMER TARGET

TRIATHLETES

As triathletes prioritize protection from hits and wide vision, some goggles are more adapt than others for triathlon. Both goggles for competitive and fitness swimmers can meet triathletes needs nevertheless.

UNISEX ADULT

Goggles designed for all adults, thanks to their adaptable fit.

WOMAN

Goggles specifically tailored for ladies, providing a smaller fit, feminine colours and a more gentle touch on the skin.

JUNIOR

Goggles tailored for 6-12 year old swimmers, provided with a gasket design that suits smaller eye-sockets.

KIDS

Goggles suited for 2-5 year old swimmers, prioritizing safety, ease of use and comfort.

BEST TECHNOLOGY.
HIGHEST PERFORMANCE.

Cobra goggles are the most advanced performance goggles for competitive swimmers on the market. The family is now enriched by the new Cobra Edge: superior hydrodynamic design, unprecedented side and upward vision, increased eyelash space and improved nose bridge and gasket fit for a better comfort: the state-of-the-art goggle, equipped with Cobra family's unparalleled anti-fog technology: Swipe. Also in the family: Cobra Ultra, with its sleek hydrodynamic construction and Cobra Core, mostly known for their comfort, both share frame-integrated lenses, reducing drag to the extreme. At the same time, both Cobra Ultra and Cobra Original present an ingenious extended frame for extra stability when on. Besides, Cobra goggles are enviously cool: their aggressive look gives swimmers an edge over their rivals.

COMFORTABLY
LIGHT.

How goggles feel on your face can be a real game-changer for both fitness and competitive swimmers. Our Air goggles prioritize lightness and comfort with gaskets that reduce pressure on the eye socket and the pain caused by suction on sensitive areas. The special honeycomb texture of the Air Seals ensures they sit softly on the face but are also watertight. Moreover, all Air Bold goggles are equipped with the most advanced anti-fog technology: Swipe.

DESIGNED TO FIT
EVERYONE.

Made for fitness swimmers, the One goggles look cool on almost any face with their distinctive design. We studied facial anatomy to craft seals that better sit around the eye socket. The result is an amazingly watertight goggle that adapts to almost every face. It's no wonder The One is an arena bestseller. The "one fits all" concept has now been improved even more with the new entry of the family, The One Plus, which brings comfort and fit to a whole new level. The One Plus also features a new anti-fog technology that lasts 2x longer than a standard one.

PRACTICAL
AND COMPACT.

Spider goggles are the perfect choice for swimmers who want a practical and compact solution. Made for recreational and fitness swimming, their simplicity is what makes them so good. All Spider goggles have a silicone strap with a single clip for easy adjustment, even for kids. The self-adjusting nose bridge adapts intuitively to your facial structure.

ALL YOU NEED.
SPEND LESS.

A collection of classic goggles with basic features, designed to deliver great value for money and guaranteed by the quality of the arena brand.

CAPS

COMPETITIVE

Designed for competitive swimmers and approved by FINA, arena Racing caps are the benchmark for water drag reduction and high-level hydrodynamics.

FITNESS

High quality caps coming with a design language delivering bright colours, eye-catching graphics and innovative materials for who wants to stand out from the crowd or simple and geometric lines combined with essential materials for the sports purists.

CAPS FEATURES

WRINKLE FREE
3D moulding gives the cap its ergonomic properties and eliminates wrinkles, making for a smooth glide through the water.

PVC FREE
No PVC (polyvinyl chloride) plastic has been used.

WATER REPELLENT
The superior water repellency of silicone and latex ensures that water does not penetrate the cap and reduces drag.

EXTRA COMFORT
The selection of material and design ensure that the cap fits snugly, while also providing elasticity and ease of use.

EASY TO WEAR
The design and the materials used in these caps make them especially easy to put on.

SUITED FOR LONG HAIR
The cut, material, design and manufacture are tailored specifically towards swimmers with long hair, making the cap easy to wear.

SMART CAP
Based on the combination of a band that holds your hair and breathable cap that protects it from water, the award-winning Smartcap is specifically designed for long hair swimmers.

005371 - AQUAFORCE WAVE CAP

The next level go-to-racing cap.

FEATURES
Wave structure design to reduce water drag profile by 27%.
Inner anti-slip design to prevent the cap from slipping off.

BAGS

A comprehensive collection of functional and contemporary backpacks, duffels and travel bags, designed for all sports enthusiasts.

DESIGN OVERVIEW

SPORTY

A selection of bags inspired by athletes and designed with a strong sporty feeling.

DESIGNED FOR:

swimmers and sports lovers that train intensively and need versatile gear

CASUAL

The core collection, modern, versatile and essential, featuring all the bags in the range.

DESIGNED FOR:

People with an active mindset and lifestyle. Not just swimmers, but any person that loves sports and travelling.

ECLECTIC

Backpacks and shoulder bags with colourful and original prints.

DESIGNED FOR:

Young swimmers and students that love to stand out and be unique.

BAGS FEATURES

SPACE MANAGEMENT

Fast bags are studied to simplify storage, access and separation of wet, dry, and other fragile items.

SPECIAL ZIP

The world's leading zip brand, acknowledged leaders in quality, reliability, and comfort.

FREE SWIMBAG INSIDE

Free Swimbag included in the bag to store your wet garments and to carry your gear to the pool.

REINFORCED BOTTOM

The strong reinforced bottom of the bag protects stored contents from wet floors. Allows the bag to stay up, without falling back on itself

WATER REPELLENT

Waterproof compartments in individual bags also allow for the storage of wet gear without leaking and affecting items stored in other compartments.

CARABINER HOOK

Provides security and convenience when hanging the bag and opening it up to access its contents.

TRIATHLETES

Bags that are specifically tailored and suited for triathlon, with specific compartments to find different gear at a glance.

005295 - FASTPACK 3.0

Smart Space Management allows you to easily access and store your stuff. 40L capacity, can fit gear like a kickboard in the roomy back section or up to two pairs of shoes in the bottom compartment.

FOOTWEAR

SANDALS

Hypoallergenic sandals that stand out from the crowd for their signature and essential lines are provided with the best materials.

POOL: designed for the pool, with distinctive features tailored for water management: drainage holes (letting water flow out of the insole to keep it dry).

LIVING: following and anticipating today's trends, they bring their sporty DNA into leisure environments.

WATERSHOES

Basic lines combined with highly quality materials deliver a classic style and a reliable performance.

FOOTWEAR FEATURES

DRAINAGE HOLES
Holes are placed in the sandal’s footbed to expel water, allowing the sandals to dry quickly and remain comfy.

MASSAGE EFFECT
The “picot” footbed stimulates the sole with its embossed design.

EASY TO WEAR
The construction and the materials used in these sandals make them especially easy to put on.

QUICK DRYING
The material doesn’t absorb water and dries quickly.

ULTRA LIGHT
The use of EVA in soles makes the sandals extremely lightweight.

EXTRA CUSHIONING
Materials and construction of the footbed yields superior softness and cushioning.
